

PRESS RELEASE November 15, 2022

## **MUSEUM MEDIA BRINGS FILMS TO MUSEUMS, ZOOS, and AQUARIUMS**

Museum Media knows from experience that film greatly benefits visitor attractions. It inspires, educates, and entertains visitors. It also provides economic opportunities: each film generates free publicity, income and raises your audience's satisfaction.

Currently, Museum Media has two products available.

### **The Museum Film License**

The Museum Film License is a unique subscription-based concept that gives visitor attractions, like museums, easy access to over 100 documentaries. The film library consists of films from the Waterbear network and from some of the world's most renowned production companies. With a yearly payment of \$ 10.000,-, subscribers acquire the right to make a selection of these films and exhibit them in public or private screenings in their theater. Available In Europe and the U.S.A.

### **Cinéfolio**

Museum Media partners with the North American company D3D to offer turnkey 3D theaters. We will provide the projection equipment, consultancy, service, maintenance, and a choice from over fifty 3D films, originally produced for IMAX theaters. The whole pack will be fully financed, so there is no need for an upfront investment from the client. Cinéfolio's monthly lease fees are designed to ensure that the 3D theater can generate positive cash flow from year one. We represent Cinéfolio in The Netherlands, Belgium, and Germany.

-----  
**Waterbear** is the first interactive streaming platform dedicated to the future of our planet.
